

What type of insurance is this?

ÖBB Cancellation Insurance is a trip cancellation insurance.

What is the scope of benefits provided by this insurance?

Trip cancellation and Trip interruption

1. Reimbursement of cancellation costs for booked, unused ÖBB (partial) travel services in case of illness, accident or death*	up to the selected travel price
--	---------------------------------

* All insured reasons for trip cancellation and trip interruption can be found in Article 14 of the ERV-RVB 2016.

When does the insurance have to be taken out?

The insurance must be taken out prior to the commencement of the journey.

When does the insurance cover begin, when does it end?

The insurance applies to a journey.

Insurance cover in connection with trip cancellation benefits is provided from the taking out of the insurance and shall end at the commencement of the insured journey. If the policy is taken out later than 3 days after the booking date, only such events are insured that occur after the 10th day after the insurance has been taken out (with the exception of accidents, death or acts of God).

In relation to trip interruption benefits, insurance cover is provided upon the commencement of the journey (leaving of the place of residence, secondary residence or regular place of work) and ends upon returning to such place or the prior expiry of the insurance.

Which contractual basis applies?

The insurance product is subject to the EUROPÄISCHE travel insurance conditions ERV-RVB 2016. You can find these provisions on page 2 et seq. Austrian law applies insofar as is legally permissible.

What do you need to consider in connection with the payment of the premium?

The premium depends on the insured trip price and must be paid when the insurance is taken out.

Who is insured?

Insured persons are the persons specifically named in the proof of insurance.

If you take out the insurance provided under ÖBB Cancellation Insurance for more than one individual travelling together and choose the premium based on the total price of the trip for all travellers jointly, the insured sum applies to all travellers jointly.

Where does the insurance cover apply?

The insurance cover applies in the agreed local area of application: **Europe:** Europe in the geographical sense, all Mediterranean states and islands, Jordan, Madeira, the Azores, the Canary Islands and Russia.

What is not insured?

In order to keep premiums at a reasonable level some events are not covered by the insurance.

The **trip cancellation** or **trip interruption insurance** does not include insurance cover e.g. if the reason for the cancellation or the interruption of the journey has already existed or was foreseeable or is connected with an existing illness or consequence of an accident which has been treated on an outpatient basis in the last six months or on an inpatient basis in the last nine months before the policy is taken out (in the event of trip cancellation) or before the trip is started (in the event of trip interruption). Articles 6 and 15 of the ERV-RVB 2016 provide for further exclusions.

What has to be done if an insured event occurs?

- **Trip cancellation:** If you are unable to commence the booked journey, please cancel your tickets immediately and inform the Europäische Service Center by
 - Online notification at www.europaeische.at/en/service/claim.html
 - fax, letter, e-mail: Please use the claim form.

Once we have received notification of cancellation, your tickets are invalid and can no longer be used. In the event of sickness/accident please have a detailed medical certificate or accident report made out.

- **Trip interruption:** In the event of serious illness or physical injury caused by an accident a medical certificate has to be submitted.

The medical certificate must contain the diagnosis and the treatment data of a local doctor at the place of stay.

Evidence documenting the cause and amount of the obligation to pay, such as police reports, doctors' certificates and invoices must be submitted to Europäische as original documents. Please note: If you do not comply with these requirements you jeopardise your insurance protection.

Information about the most frequently claimed insurance benefits at a glance:

• Trip cancellation insurance:

If you cannot commence your journey due to the occurrence of an insured event, e.g. due to the unexpectedly occurring of a serious illness or due to an accident, we refund the contractually agreed cancellation costs up to the selected travel price.

• Trip interruption insurance:

If you have to prematurely interrupt your journey, e.g. due to a serious physical injury caused by an accident or death of a family member back home, we will refund the unused ÖBB travel services up to the selected travel price.

In the case of existing illness we will only pay if such illness becomes acute unexpectedly and only if it has been treated neither on an outpatient basis within a period of 6 months nor on an inpatient basis within a period of 9 months prior to taking out the insurance (in the event of trip cancellation) or prior to starting the trip (in the event of a trip interruption).

 - 1.1. as far as possible avoid events insured against, keep any losses to a minimum, avoid unnecessary costs and follow any instructions given by the insurer;
 - 1.2. immediately inform the insurer about the event insured against;
 - 1.3. provide the insurer with full information about the damaging event and the amount of the loss;
 - 1.4. as far as possible contribute to the determination of the facts, truthfully issue all expedient information to the insurer, and permit any reasonable investigation into the cause and the amount of the obligation to pay, in particular empower and authorise the authorities, doctors, hospitals, social and private insurers concerned with the event insured against to issue information;
 - 1.5. ensure that compensation claims against third parties are submitted in due form and in a timely manner, and if necessary assign such claims to the insurer up to the amount of the compensation paid;
 - 1.6. in the event that damage has occurred in the safekeeping of a transport company or accommodation enterprise, notify these immediately (observing the limited periods for notification) following the discovery of the damage, and demand a certificate of damage;
 - 1.7. in the event that damage has been caused by criminal acts, immediately notify the competent local security service, precisely describing the circumstances and stating the extent of the damage, and have a certificate of the notification made out;
 - 1.8. hand over to the insurer, in the original, any evidence documenting the cause and amount of the obligation to pay, such as police reports, [...], doctors' and hospital certificates and invoices, proofs of purchase etc.
2. In addition to these general obligations, special obligations are set out in Articles 16 [...].

Article 9

How do declarations have to be made?

All declarations and information provided by the policyholder, the insured person, or other third parties in connection with the insurance contract require the written form in order to be valid (in writing, but without signature). The declarations and information must be received by the recipient, and must be capable of being permanently preserved by the recipient (by printing out or storage, as in the case of fax or email, but not SMS messages), and the identity of the person making the declaration must be clearly evident from the text. Written declarations and information (with signature) are of course also valid, but verbal declarations and information are invalid.

Article 10

What applies in the event of entitlements from other insurance policies (subsidiarity)?

All insurance benefits are subsidiary. Insofar as compensation can be claimed in the insured event from other private or social insurances, the latter payment obligations take precedence. The entitlements of the insured person are not affected or impaired by this. If the insured person reports the insured event to the insurer, the insurer will make advance payment and settle the claim on a conditional basis.

Article 11

When is the compensation due?

The compensation payment is due upon completion of the investigations necessary in order to determine the insured event and the extent of the benefit to be paid by the insurer. However, the compensation payment becomes due irrespective thereof if the policyholder, following the expiry of two months since request for a cash payment, demands an explanation from the insurer as to why it has not yet been possible to complete the investigations, and the insurer does not comply with this demand within one month.

If the duty of payment has only been established in terms of its basis, the entitled party can demand advance payments up to the minimum amount payable by the insurer on the basis of the nature of the case.

Article 12

When can insurance claims be assigned or pledged?

Insurance claims can only be assigned or pledged if they have been finally determined in terms of reason and amount.

Article 13

What law is applicable?

Austrian law applies insofar as is legally permissible.

Annex

Extract from the Austrian Insurance Contracts Act [VersVG]

§ 6. (1) If it is provided in the contract that in the event of the violation of an obligation towards the insurer which has to be fulfilled before the occurrence of the insured event, the insurer is to be released from the obligation to make payment, the agreed legal consequence does not arise if the violation is to be regarded as non-culpable. The insurer can terminate the contract without notice within one month from the time when knowledge of the violation is obtained, unless the violation is to be regarded as non-culpable. If the insurer does not terminate the contract within one month, the insurer cannot plead release from payment as agreed.

(1a) In the event of the violation of an obligation which is intended to maintain the equivalence between risk and premium upon which the insurance contract is based, the agreed release from payment also only arises in the ratio in which the agreed premium falls short of the premium as provided in the tariff in respect of the increased risk.

In the event of the violation of obligations in regard to mere communications and notifications which do not have any influence on the insurer's assessment of the risk, release from payment only arises if the obligation in question has been intentionally violated.

(2) If an obligation is violated which the policyholder has to fulfil vis-à-vis the insurer in order to reduce the risk or to prevent an increase in the risk (irrespective of the applicability of 1a), the insurer cannot plead release from payment as agreed if the violation has no influence on the occurrence of the insured event, or insofar as it has not had any influence on the scope of the payment the insurer is obliged to pay.

(3) If the release from payment is agreed in respect of the event of a violation of an obligation which has to be fulfilled vis-à-vis the insurer after the occurrence of the insured event, the agreed legal consequence does not arise if the violation is not based either on malicious intent or gross negligence. If the obligation is not violated with the intention of influencing the insurer's duty to pay or of adversely affecting the determination of such circumstances as are evidently significant as far as the insurer's duty to pay is concerned, the insurer remains obliged to make payment insofar as the violation has not had any influence on either the determination of the insured event or the determination or scope of the payment the insurer is obliged to make.

(4) Any agreement pursuant to which the insurer shall be entitled to withdraw from the contract in the event of the violation of an obligation is invalid.

(5) The insurer can only derive rights from the negligent violation of an agreed obligation if the policyholder has previously received the insurance conditions or another document in which the obligation is communicated.
